UFiber Outdoor Terminal Box

Weatherproof, pole-mountable enclosure designed to protect outdoor UFiber devices.

The UFiber Outdoor Terminal Box protects your UFiber devices against harsh weather damage so they can remain operational in all conditions. This heavy-duty enclosure sports a screw-lock design and comes with a pole-mounting kit so you can stage it wherever you need IPX5-rated device protection within your UFiber deployment.

Supported UFiber devices: UF-Nano, UF-Loco, UF-AE

Mechanical

Dimensions	With mount: 249 x 218 x 60 mm (9.8 x 8.6 x 2.4") Pole mount: Ø35 to 60 mm (Ø1.38 to 2.36")
Weight	680 g (1.5 lb)
Enclosure material	UV stabilized polycarbonate
