

Aqara Wireless Mini Switch

The Aqara Wireless Mini Switch is a remote control switch with compact design and low energy consumption. You can place or stick it almost anywhere. Single press, double press or long press to control various smart accessories, such as, Smart Light and Smart Plug.

Key Features:

- **Designed to Fit Everywhere:** No wiring required. The minimal design allows you to place it anywhere or attach it to a surface with a sticker.
- **Smart Control in Apple Home App:** Works with other HomeKit-enabled accessories in Apple Home app to make your life easier.
- **Aqara Home Automation:** You can customize different scenes with our suite of smart home products.
- **Works as a Smart Doorbell:** Wireless Mini Switch can be used as a doorbell when combined with the Aqara Hub. You can also customize the ringtone through the Aqara App.
- **Work as an Emergency Button:** The Wireless Mini Switch can also act as an emergency button at home. When pressed, Aqara Hub will send out a push notification and sound the alarm.
- **Advanced Technology:** Aqara Wireless Mini Switch is a remote control switch with compact design and low energy consumption. Supports up to 50,000 presses*. Adopts V-0 grade flame-retardant PC panel that allows for high temperature resistance.
